

DEBUT!

# TMBP-SC SERIES

Electronic Single-Head Automatic Embroidery Machine

**Make the best choice for your first machine for unexpected satisfaction.**

## Features

### ◆ Slim Cylinder Bed, Reinforced Wide Cap Frame

- The downsized Slim Cylinder Bed has widened the application range so as to cover tubular products, such as sleeves and pockets.
- The reinforced Wide Cap Frame has enhanced the embroidery stability whereby increasing the rotational speed to 1000rpm.

Reinforced Wide Cap Frame

Cap Embroidery: Max. 1,000rpm

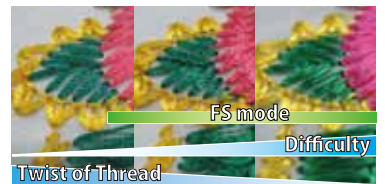

### ◆ A streamlined Cubical Frame Design

- Relocating the frame drive to the upper position widens the frame operating field. Embroider without worrying about the size of the item being embroidered or the embroidery position.

### ◆ FS mode

- The burden on the yarn is reduced.
- The stability and quality of embroidery is improved.
- FS mode option parts make it easy to sew with hard-to-embroider thread.

FS mode

## ◆ Frames

▲Tubular

▲Wide Cap

▲Border

▲Socks

▲Air type Clamp
